ABOUT US

Përolas is an electro-acoustic project, featuring a unique combination of **Liana Perillo** on Harp & Vocals, **Fabian Aravalés** on Guitars, Trumpet, Synthesizer and the live and electronic drums of **Louis Spencely**.

Përolas is amongst the very few bands in Melbourne, Australia, to bring the harp into the contemporary acoustic-electric realm by coupling this ancient instrument with percussive elements, loops and other real instruments.

From up-tempo beats to ethereal soundscapes, and an intercultural flavour, **Përolas** bring a unique and intriguing energy and essence through their original compositions and arrangements, recently earning the award for 'Best intercultural Act' for the 2019 Music Victoria Awards.
